

## SB 6K Tri

**Brand:** RAM

**Product Code:** 0204

**Availability:** In Stock

**Weight:** 7.50lb

**Dimensions:** 2.68in x 18.39in x 11.69in

**Price: \$2,305.00**

### Description

RAM Audio Class D modules with regulated switching power supply and a high quality FIR DSP, all integrated in a customized chassis to meet the needs of every manufacturer.

DSP\_PowerPack comprises two series, ASYM and SUB series: ASYM Series are 2 ways modules to power separately mid/low and high frequencies in medium power systems, and SUB Series are designed to be used in low frequencies ways when big powers are requested, up to 6000W @4Ohm.
