

SK-07/T 16 OH

Brand: BEYMA
Product Code: 0413
Availability: In Stock
Weight: 3.73lb
Dimensions: 8.27in x 6.69in x 3.94in

Price: \$247.00

Description

This bass shaker has been designed in order to add new sensations to the state of the art home theatre systems. It features a 3" voice coil and an optimized neodymium magnetic system that allow it to reach an excellent performance: a peak force of 196 N and a maximum power handling of 100 w. For optimum results, a low pass filter with a cut frequency of 120 Hz should be used.
